► *Intrusion*

all this useless beauty...
clockwork love on rusty beds...
me, I used to love you so much...
I don't think I want it tonight...
I saw men trade life off...
neatly dressed in their suits and their lies
they stopped acting by themselves years ago
like servo-guided by T.V., I don't know...
I saw them walk in line
They stopped believing in life years ago
Praising high for some 'marvellous Homme
[Nouveau'

completely warped for as much as I know
How they intrude on your life
how they intrude on your dreams
how they intrude on your mind
and tarnish what you believe
All this wasted beauty...
empty dreams on dusty desks
I'm watching those 'Thinking Machines'
and me I know that something must be wrong
I saw them walk in lines
they stopped dreaming of life years ago
their eyes are empty like their 'marvellous
[Homme Nouveau'

completely fixed for as much as I know
How they intrude on your life
how they intrude on your dreams
how they intrude on your mind
and destroy what you believe in
how they intrude on your mind
how they intrude on your time
how they intrude on your soul
how they intrude on your art
Intrusion... Stop ! (04/97)

► *Factys II* (*deus sive natura*)

so, here are we
on "Factys II"
I feel the Need of "To be" – are we ?
Nothing needs to... so
do you dream to... and
how does it feel to be You – do you ?
Show me your reels, now
show me you're Real (now)
Stop : I could be human too – Oh no...
And I need to... And I need to...
We are Logic, and

God or Nature, the
Perfect Be-er, a
Notion of Eseiety – maybe
Are we Questions, or
are we Answers, stop :
I am factice / I am real – was I ?
And I need to... And I need to...
Tell me what your Need is all about
tell me what your Need is all about, I'll
show you what To Need is all about, I'll
show you what To Need is all about
Tell me what your Dream is all about
tell me what your Dream is all about, I'll

► *Clockworks, Juliet*

here I am
this is
New Love
here I am
you have
'those' eyes
here I am
feel the
Desire...
here I am
oh... I've got
The Fear
Here you are
your dreams and fears
your smiles and tears
a sly touch at times
it's clockworks, Juliet...
There's no one here but us !
here I am
a cold
dark room
here I am
morning
steals in
here I am
